DOMINION LANDS OFFICE

Posting of Soldier Settlement Land.

H.O. Ref. #4283442. Edmonton, Alta., December 27th 191 9

Notice is hereby given that after the expiration of 10 clear days from the date thereof, that is, on and after the Jan. 7th 1920, the S.E. ¼ of Section 4

Township 52 Range 24 West of the 4th Meridian, will be available for entry, providing the land is of the class suitable for farming and is unoccupied, as follows:—

On the day last above mentioned the privilege of entry (either as an ordinary homestead or as a soldier grant) is restricted to a "settler," as defined by the Soldier Settlement Act, eligible to make entry who holds an adjoining quarter section under homestaed or soldier entry, or who obtained homestead patent for such quarter section and is still the owner thereof, or who was a squatter before survey on such quarter section. The regulations relating to conflicting claims by adjoining settlers will be found in full at the foot of this notice.

On the succeeding day and thereafter (unless entered for or reserved for an adjoining settler) the land will be available for entry—

(a) as an ordinary homestead by any person eligible to make homestead entry who is on active service in the Naval or Military Forces of His Majesty or of His Majesty's Allies (either in person or by proxy);

(b) by a "Settler" as defined by the Soldier Settlement Act as an ordinary homestead, provided such settler is eligible to make homestead entry;

(c) by a "Settler" as defined by the Soldier Settlement Act as a soldier grant.

Paragraph (c) of Section 2 of the Soldier Settlement Act, 1917, defines "settler" as follows:—

"Settler" means any person who has served in the naval or military expeditionary forces of Canada during the present War, or who was engaged in active service during the present War in the naval or military forces of the United Kingdom or of any of the self governing British Dominions or Colonies, or who, being a British subject resident in Canada before the War has been engaged in active service at one of the seats of war in either the naval or military forces of any of His Majesty's Allies in the present War, and who has left the forces with an honourable record, or who has been honourably discharged, and the widow of any such person who died on active service.

Any person who is desirous of making entry must visit the land personally before making his application, and satisfy himself that there is no one in residence, as he will require to swear when making application for entry that the land is unoccupied. The intending applicant should, at the same time, carefully examine and estimate the value of the improvements, if any.

The application for entry (unless made by proxy), may be made either at this office or at the office of the Sub-Agent of Dominion Lands in whose district the land is situated.

Application for entry by proxy is permitted in the case of a person making application on behalf of father, mother, brother, sister, son, daughter or husband, when authorized to do so in the form prescribed. In such a case the proxy will require to appear personally at the office of the *local Agent* (not Sub-Agent).

No fee is charged in connection with a soldier grant.

The entry fee if taken as a homestead will be $10. According to evidence on file in this office there are improvements upon the land stated to be worth $ -------

PAYMENT FOR IMPROVEMENTS.

Before a person is granted entry for a homestead or a Soldier Grant, he *shall declare what improvements*, if any there are upon the land for which he applies, *and pay to the Agent or Sub-Agent the full amount of his valuation* of such improvements. Should he fail to make such declaration his entry shall be liable to cancellation.

In the event of uncertainty as to the correctness of the entrant's valuation, or if the value of the improvements is placed at over $25, the Agent shall cause such improvements to be examined and valued by a Homestead Inspector. If a surplus has been paid, the excess amount may be refunded. If insufficient has been paid the entrant must at once pay the difference, otherwise his entry may be cancelled.

PAYMENT OF INDEBTEDNESS CHARGED AGAINST THE LAND.

The following indebtedness is charged against this land $------- If the amount collected for improvements is not sufficient to make up this indebtedness, the applicant for entry is required to pay the full amounts so as to make up the full amount of indebtedness.

Regulations relating to conflicting claims by adjoining settlers.

Sections 33 to 35 of the Soldier Settlement Land Regulations, 1918, read as follows:—

CONFLICTING CLAIMS.

33. In the event of there being more than one applicant claiming the prior right of entry under the preceding section, the priority of their claims shall be determined by the priority of the dates of their prospective entries, or the commencement of residence in the case of squatters before survey.

34. To ensure due consideration being given to the rights of all persons claiming priority, the Agent shall receive all applications for entry offering under the preceding section, if requested to do so, but shall issue no certificate of entry for such land until the close of the office hours of the day on which the prior right of entry is considered; or until the morning of the following day:

Provided that if the Agent is advised by wire or otherwise on such day by a Sub-Agent or a local representative of the receipt by him of an application for entry from a person claiming a prior right of entry for the land affected, and it is evident from the records that such person, by reason of the priority of day of his entry for or commencement of residence on the adjoining homestead has a better claim than any of the other applicants appearing in person, the Agent shall hold the land until such application made before the Sub-Agent or local representative has been received;

Provided further that if on account of sickness or other satisfactory reason shown to the Agent, a settler who according to the records has a prior right of entry over all other applicants, is unable to appear in person on such day, the Agent may hold the land for such settler for a reasonable length of time, reporting immediately all the circumstances of the case to the Board;

Provided also that if the Agent is in doubt as to the priority of any applicant, he shall not grant entry on the land affected, but refer the matter to the Board for consideration.

35. Any land which, after having been posted in the manner hereinbefore described, has not been entered for by an adjoining settler on the first day on which such land became available for entry, or if it had not been reserved for any of the reasons above mentioned, it shall be open for entry on the following day to any settler eligible to make entry under these regulations.

OFFICE OF THE CHIEF INSPECTOR OF SURVEYS.

Calgary, 4th Jan. 1902.

Sir:-

See map of Township 14, Range 30, West of 4th. Mr. J. F. Johnson, who is now in charge of the abattoir of P. Burns & Co., stated to me recently that for some years he had buildings and improvements on that portion of the Frac. N. W. 1/4 of 2 - 14 - 30, West of 4th., lying South of Willow Creek. I inferred from him he was not over there often, for it and think he has not resided on any considerable length of time on it, though probably his improvements and stock thereon may be worth a good deal.

You will observe that unfortunately the creek is not traversed across this sect on so that you have no means of ascertaining exactly the area of said 1/4 either to the north or south of the creek respectively. From a rough race of the character of the country at that point I think the creek as shown on the plan is fairly accurate.

He asked me if he would be permitted to homestead the N. E. 1/4 of 2, which is nearly a full quarter, and purchase the Frac. portion of the N. W. 1/4 which lies south of the creek. I told him that I thought that by doing so that would defeat the object intended to be attained by reserving entries to one side or other of the creek, and suggested that he could get his 160 acres south of the creek, by taking the Frac. N. W. 1/4 south of creek and paying for an excess there might be over the 160 acres.

There was at one time, and so far as I know still is, a ruling

J. R. Sutherland, Esq.,

Agent of Dominion Lands,

Calgary, Alta.

ruling of the Department permitting that to be done, in cases such as this, without any reference to Head Office for authority.

I have thought it well to direct your attention to this as possible, Mr. Johnson may call on you before long.

It is advisable to restrict an entry to one side or other of a creek the size of Willow Creek at this point, therefore before title could issue to any portion of the N. W. 1/4 of 2 or any part of 2, it would be necessary to have the creek traversed across that section. However, I presume there would be nothing to prevent Mr. Johnson, if he so desires, making an entry to all that portion of the West half of 2, lying South of the Creek, paying for any excess over the 160 acres at the price ruling at the time he went into possession thereof, or at the latest, the price now ruling. Mr. Johnson would, however, require to have the survey made at his personal expense.

Respectfully submitted,

entitled to a free homestead patent for the quarter section in question, at least so much of it as he had entered for, there being reserved thereout some quarry lots and the right of way of the C. P. Ry, and I think a portion also north of the right of way of said railway. I am personally aware that part of the quarter section in question is considerable rise and has a fair crop, stable and several acres under cultivation and the whole enclosed with a fence. As Mr. Mellish is now dead xx xiii of course will be difficult to obtain evidence which the Department would desire - at the same time I think quarter section is, I believe, Messrs Jamison and Lloyd or the family and Mr. Emerson, who personally some others could be able to furnish the necessary evidence on this point.

I think you will agree with me that the above assertion by Mr. Mellish must be taken as, at present the evidence, or at least leaves us no room to doubt the bona fides as stated.

Should there be any application to cancel the entry it would only be fair to Mr. Mellish's heirs that the executors of his estate are allowed a full opportunity to deal in the matter.

I am sending a copy of this to the Head Office so that should you desire to write them on this question it will now be before them.

Dear Sir;

re Part S.E.1/4 24-24-2, W 5th.Alberta.

With reference to the application of Donald McMillan the executor of the late Jas. A. Macmillan deceased for a patent for the above land as advocate for said executor we are requested to state that although we believe that the late Mr. Macmillan had performed the necessary duties to entitle the executor to the patent to said land, the location of the late Mr. Macmillan being that of a Dominion Land Surveyor and District Engineer for the N.W.Government made it necessary that he should be frequently absent from the land so that it is difficult to furnish the proof of residence required by the department.

We are therefore authorized to ask that a patent for said land be issued to the executor at the price of one Dollar per acre. Kindly let us know whether under the circumstances this will be done.

Sir,

Mr J G McDonald who is looking after the Estate of the late Mr J D McMillan D L S informs me that Messrs Muir & Japson on the 16th inst. applied to the Agent of Dominion Lands Calgary to purchase at $ 1.- per acre that portion of the S E ¼ of 24- 24- 2 W 5th held under homestead entry by the late Mr McMillan.

I would desire to refer you to a letter of the 15th instant last addressed to the Agent Dominion Lands Calgary regarding this matter copy of which I sent you. In it I stated that I was no doubt that Mr McMillan was entitled for scrip patent for the land entered by him but it appears that it is well nigh impossible if not wholly so to obtain evidence sufficient to warrant the Department in issuing such title. There is nothing however I presume to prevent the Department cancelling the entry now asking scrip to the Estate at the minimum price prescribed by the Act namely $ 1.- per acre.

I suggested to Mr McDonald that he should adopt this course and therefore strongly recommend that the application be complied to.

File 2341

Sir;

Referring to your letter of the 5th Inst., file 498060, I would like to know in what way you propose making the transfer. Will it be necessary for Mr. D. McMillan, to execute a Declaration of Abandonment of the homestead as the executor ~~of the Estate~~ - executor of the Estate of the late J.A. McMillan and a formal application to purchase same be signed by the executor ?

The Executor, Mr. D. McMillan, appointed an attorney, Mr. J. G. MacDonald of Calgary,, to sign all Deeds of transfer, a copy of which Power of Attorney I enclose. If it is thought necessary to have a declaration of Abandonment signed by the Executor and a formal application to purchase executed, will Mr. McDonald's signature be sufficient ? Mr. McDonald is prepared to pay the purchase price of the portion of the S.W.1/4 of 24 - 2 - - 2, west 5th as soon as instructions are forwarded as to the way the transaction should be put through. The homestead of the late J. A. McMillan as marked in the books of this office, contains 96 1/2 acres. Does that agree with the books at Head Office and will that be the number of acres for which payment should be made ?

An early reply will bert much oblige,

With regard to the last paragraph of your communication of the 15th instant, File 49060 as to the area of the land included in the late Mr. J. A McMillan's homestead, the S.E.1/4 of 24 - 24 - 2, west of the 5th, I have the honour to inform you that I placed the figures, 96 1/2 acres, in the Township register myself but cannot now say exactly how I arrived at them. I have a faint recollection that Mr. Pearce made the calculation and instructed me to fill it in, although I may be wrong. I enclose you herewith a tracing that was made by Mr. McMillan, D.L.S, for your information and think it would be advisable for you to consult with Mr. Pearce regarding the matter.

Memorandum

In reply to your question as to the area of that portion of the south east ¼ of section 24 in Township 24, Range 2, West of 5th Meridian, this area is one hundred and twenty four acres (124 acres) as nearly as I can estimate it.

The 128 marked on the plan is evidently an error. Calculating from the figures given originally by the surveyor, when the land was in river lots, the area should be as follows:-

Lot 11,	158.57	
Lot 12,	125.00	283.57
Less	160.00	
" (now called 3.75)	4.00	164.00
		119.57

The figures, however, are not accurate.

Dear Sir :- Our file ? 66 .

Re S.E.¼ 24--21--2--W of 4th

On behalf of Mrs. Mary Moore Mworthy, administratrix of the estate of Thomas Mworthy, deceased, we wish to inquire respecting the 10 acres of the above ¼ section, which still appears in the name of the Crown unpatented, although the balance of the ¼ section was duly acquired by the above named deceased in his life time .

We understand that Mr. James Sullivan entered on this ¼ section as a homestead of 27th April, 1907, the only exception to his entry being the part of the ¼ section covered by the waters of the Bow River and the C.P.R. right-of-way. We understand from Mrs. Mworthy that the balance of the land has been acquired by Mr. Sullivan.

Will you please let us know if your records show why these 10 acres were excepted ?

It is therefore the intention of the Department to issue a patent in the name of the said Jacob Y. Shantz for the said mines and minerals.

Please advise the Department if you have any objection there may be on the part of the Railway Company to this action being taken.

That I made entry for the above mentioned lands, at the Dominion Lands Office at Edmonton on the 22nd day of August A.D. 1910, but now ask to have said entry cancelled, and to be permitted to take up another homestead, for the following reasons, viz: That at the time I made entry for the above mentioned land, I had not seen the land as being unplayed on the C.N.R. On locating on the land I found an old man named Christian living upon the place and having improvements thereon to the amount of about $20.00. As I do not wish to interfere with any one's right I am willing to abandon same and be allowed to make entry for the S.E. ¼ 32-49-26 W 4th, and that the money I have already paid be transferred to said quarter section.

Your obedient servant,

The Secretary,

Ref. 409423.

Department of the Interior,
Ottawa, 18th March, 1903.

Memorandum.

Mr. A. O. Endersby made a statutory declaration in 1901 before the Dominion Lands Surveyor, relative to his claim as a homestead to the S. W. ¼ of 32--2--29, W. 4th, on which he had settled and made improvements, he having been previously told by the local agent that the quarter-section was not available, as the survey of the northerly one-third of the township had not been completed.

The Agent now states that Mr. Endersby has made application to homestead Legal Subdivisions 2, 3, 6 and 7 of the said section.

This land, which is not railway land and is shown on the sketch hereunder, is vacant in the records of the Department, but Mr. Frank Levasseur would appear to have been given in May, 1901, (file 249[illegible]) a license to prospect for petroleum on the S. E. ¼ of the section, which embraces a portion (legal subdivisions 2 and 7) of the parcel Mr. Endersby has applied for.

You will observe that Mr. Endersby would appear to have improvements on the N. E. ¼ of the section.

Commissioner of Dominion Lands.

I am now on my homestead and will

I would like you to send the homestead

my side of the question as he has never
seen the land and has had no communication

ten years ago and money for his time. and
I feel as we are in position and has cost
me a good deal of money.

The homestead inspector was promised

Dear Sir:- Re File #49942 S.W.¼ of 32-2-2 W. 4th M.

Mr. A.O.Endersby has asked me to reply to your letter of the 14th ult. addressed to him at Twin Butte.

Mr. Endersby is still in Ukiah, California on account of his health. We have furnished all evidence that we can as to residence of Mr. Endersby, and he hopes that in view of the fact that he has resided on this land at various times for a long period, putting in all necessary residence, and that he has been a bona fide settler, and is only forced to leave the country through ill health, the Department will see its way towards granting Title.

I trust you will do what you can in the matter to help Mr. Endersby.

I understand the Forestad inspector, Mr. Link, is in favor of the application being granted, although I do not know that this is definite.

Mr. Endersby has not moved the buildings or fences that were on the place at the last time of writing.

The Minister of the Interior submits, under date the 12th May 1910, that Mr. A. G. Undersby made homestead entry for the south-west quarter of Section 32, Township 2, Range 29, west of the 4th Meridian on the 1st of January, 1903. 214194

Mr. Undersby has since made application for patent, in which he claims over thirty-six months' residence, extended over a number of years, from 1897 to 1906, but not the required six months in any year, except 1906. He also claims the following improvements:-

House, ...	$500.00

Five corrals, ...	250.00
Two miles of fencing, ...	200.00
Total value, ...	$1110.00

Advertised in the ... Gazette of ... for the ... weeks

The homesteader states that his reason for not residing continuously on this land was because, owing to its location, it is covered with water during the early Spring and Summer.

A report has been submitted by an officer of the Department of the Interior, from which it appears that Mr. Undersby has probably performed sufficient residence to entitle him to a patent for his homestead

Replying to your communication of the 24th Ult, File 29945, respecting the application of Mr. J. C. Warren on bahelf of his son, to homestead the N.E.1/4 of 32 - 20 - 2, west of the 5th and the application of Mr. John McKinnon to acquire the ~~whole~~ of said section by purchase under the irrigation system, I have the honor to inform you that Mr. Warren stated to me at the time he made application, that he would like very much to have the N.E.1/4 reserved for his son until he became of age, as it would not be a great distance from his home on the N.1/2 of 24 - 21 - 3, west of the 5th (patent having issued to Mr. Warren for this half section on the 18th Feb., 1892.) He desired to send his son there and use the location for wintering his calves. Mr. Warren is an excellent settler, has a young family and has about 150 head of cattle. I have no doubt but his son would make a good settler. Since your letter has been received I happened to meet Mr. McKinnon in Calgary and that Gentleman explained to me that it was his intention to irrigate what he could of the land and grow all the feed possible, the balance he only intended using for pasture for his stock. Mr. McKinnon is also a capital settler, and has probably 350 head of cattle. He is the owner of 80 acres of section 8, S.E. 1/4 of section 5 and the S.W.1/4 of section 7 in the same Township.

The Agent reports that Mr. Warren is an excellent settler. He has a young family and about 150 head of cattle. It is reported that the young men would make a good settler. Dear Sir:

Re: S.E. 19-1-[illegible]-W.4th M.
Thomas Leishman.
Your reference - 119/260.

I have your letter of the 15th instant, and in reply beg to state that we have no record in this office of one Thomas Duncan Leishman.

It is noted that one, Thomas Leishman of Carleton, Alberta, filed on the S.E. 19-1-[illegible]-W.4th M. on the 11th February, 1910. When filing he stated that he was single, 24 years of age and was born in the state of Utah in the United States of America. Although he claimed birth in the United States of America he maintained that he was a British subject. Mr. Leishman abandoned his entry for this parcel of land on the 14th October, 1910, stating that he could not make a living on it. I am unable to state whether the said Thomas Leishman obtained another entry of Dominion lands.

I also have a record of one, Allen Duncan Leishman, who obtained patent for the S.E. 33-2[illegible]-W.4th M., bearing date of the 14th March, 1911. This Mr. Leishman was also residing at Carleton, and in support of his application for patent furnished a Certificate of Naturalization into the 23rd November, 1901.

It is also noted that information was furnished you regarding one, Robert Leishman, in my letter of the 28th May, 1925, your reference 119/260.

If the above information is not what you desire, it will be necessary for you to furnish me with a description of the land Thomas Duncan Leishman filed [illegible] by section, part of section, township, range and meridian.

Referring to your memorandum of the 23rd instant with regard to the amount collected for improvements on the S. W. ¼ of 28, 51, 1, West 4th, upon which entry was recently granted, I am directed to ask that you will obtain a report from the Inspector on the first opportunity. There is so great a difference placed upon the value of these improvements by the purchaser and claimant and the land and the present entrant that some explanation is necessary. The matter of a refund of the inspection fee, which has been collected by mistake, will be dealt with after the Inspector has reported.

Sir,

Please refer to your letter of the 3rd of March last, File No. 499535 relating to payment for improvements on the S. W. 28-38-I W.5th M. in which you state the balance due is $35.00. If you refer to the Return of entries from this Office for the Period ending the 8th of October, you will see that Mr. Blake paid $15.00 on account of these improvements. With regard to the Inspection fee charged Mr. Blake, as the Homestead Inspector was required to report on this land owing to Mr. Blake having placed too low a valuation on the Improvements I think it would only be fair that he should pay the Inspection fee, which would be charged the next entrant should Mr. Blake,s entry be cancelled. Dear Sir

The Homestead entry No 21103 for the SW Quarter of Sec 28 Tp. 36 Rge. 1 West of 5th Meridian has been cancelled. I do know, and respectfully make to you this statement that Talbert recorded such cancellation and drawing out of the land which do I have to state. The land Department was from me right again to file a entry for the same land, as the Homestead Law entry was cancelled. The reason cancelled me till after the land was cancelled and drawn out of the land. The reason I sent forward, and because of the fact that I did not file was that I was sick and unable to attend to my business for some time and the land office was closed so I could not file. We can come and swear to what I say. We can make an affidavit to the act that we desired to, as we might have done but the reason our duties was caused us all of means to fulfill such duties. I may state the fact was that made me a homesteader without any money to start with that failed me, we could through necessity obtain from the land by entry

To the Secretary of the Interior,

Dear Sir,

I came to Alberta last February and bought a piece of land from the C. .R. and made homestead entry for South West of 28, Tp. 38, Range I in the Tindestal District. I and my son Fred in the N, East quarter same section and I came out to make some improvements but it is so wet I can't get around to do anything. I came from South Dakota - I ave a farm there which I want to sell. I have ten children and I want to get them started in Alberta as land is so high in S. Dakota. Now, dear sir, I wish you would give us an extension of time on our Homesteads as we have to take care of our crops. This fall I have laid this matter before your agent at Red Deer, Mr. Cuttingham, and he said I had better write you in regard to this matter. Hoping to hear from you soon,

Sir,

Re: Mrs. Margaret Baron.
Your ref. No. 4138.

In reply to your communication of the 14th instant, I am to inform you that the age of the wife of Heinrich Baron was not given in his application for patent for his homestead, the N.W.¼ 2-53-1-W. 5th M., nor in his application for entry for the above land.

I might add that when Mr. Baron made application for patent he stated that his family consisted of his wife and four children.

Lacombe, Alberta.

Dear Sirs:

N.W. 23-43-1-W-5th Mer.

I have your letter of the 22nd of September, 1952, relative to your enquiry as to the age of Henry Bush who stated that he applied for homestead entry and obtained a Patent for the above-mentioned land.

In reply, I wish to inform you that the said land was patented to the Canadian Pacific Railway Company on the 20th of February, 1903. This man may have purchased from the said company.

We do, however, have a record of one Henry Bush, who in his sworn statement dated the 12th of May, 1898, in support of his application for patent for the N.E.30-39-26-W-4th Meridian, he gave his age as 39 years.

Yours very truly,

Sir,

Mr. R. W. Lendrum of South Edmonton wishes to purchase the fractional S. E . 1/4 29. 52. 24. W. 4. M. lying outside the survey of the River Lots.

According to the plan of survey the area is 8 acres but Mr. Lendrum says that the true area does not exceed 3 acres; he affirms the land to be neither occupied nor improved.

It is probably school land unless when taken into the survey other land was set apart i lieu of it. In this case it will not of course be for sale.

It is probably worth from $15. to $20. an acre.

Will you please instruct me what to do.

The Agent at Edmonton submits the application of Mr. E. W. Londrum to purchase the fractional S. E. ¼ of Section 29, Township 52, Range 24, West of the 4th Meridian, lying outside the survey of the river lots containing eight acres; and states that the land applied for is probably worth from $15 to $20 an acre.

As this parcel is comprised in the said Section 29, it does not form part of the school endowment, and other land was then selected in lieu thereof.

If it is proposed to sell the land applied for, it will be necessary to have it valued by a Dominion Land Surveyor.

Sir,

Referring to your letter of the 14th January 500383 enclosed please find the Inspector's report on the fractional S. E. 1/4 29. 52. 24 . W. 4. M.

It will need an actual survey by a D. L. S to determine the area of this fraction. The Township Plan gives 8 acres; Mr Lendrum D. L. S. asserts that it does not exceeds 3 acres and the Inspector concurs in the latters estimate.

Mr. Thos. Anderson and others besides Mr. R. W. Lendrum have made enquiry concerning this land and I am of opinion that it shall be advertised and sold by tender.

Memorandum.

With reference to my memorandum of the 10th January last, submitting the application made by Mr. R. W. Lendrum to purchase the frac. S. E. ¼ 29--32--24, W. 4th, lying outside the survey of the townplots and containing eight acres, I beg to say that, in accordance with your instructions, Mr. Homestead Inspector Coleman inspected the land, and reports: "This land joins on to the town of "South Edmonton, and is valuable as town property. "I was informed that some are asking this land o "the west side was sold for $25.00, and I believe "the Department would realize more money for it "if it was put up to public competition."

The Agent at Edmonton states that it will need an actual survey to determine the area of this parcel of land, as, while the township plan shows it to contain eight acres, Mr. Lendrum, D. L. S., asserts that the area does not exceed three acres, in which latter estimate the inspector concurs. Mr. Rattan also points out that Mr. T. S. Anderson and others besides Mr. Lendrum have made inquiry concerning this land, and he is of the opinion that it should be advertised and sold by tender.

I beg to inform you that the above mentioned parcels were surrendered from the School Lands Endowment Fund some years ago and compensation obtained therefor, but the lands taken in exchange have been withdrawn and granted to the Canadian Pacific Railway Company and no further selection was made for the Endowment. It has now been decided to select for the Endowment vacant and available Dominion Lands of equal value to replace the lands above described.

Please issue the necessary instructions to the Inspector to whom you give the work pointing out that the lands selected must be in the Province of Alberta; that they must be of equal value to the lands relinquished from the School Endowment and also that it is not considered to the best interest of settlement to select more than two full sections on School Land account in any one Township.

In order to be in a position to select lands of equal value in lieu of that relinquished, it will be necessary for the Inspector to visit the lands above described and furnish a report and valuation thereon for the information of the Department. He will then be in a position to select other landsof equal value and he should furnish a full report on each quarter-section or part of quarter-section selected, showing the value and character etc.

Upon receipt by you of advice from the Inspector that he has made a selection, the necessary note should be made in your records reserving the lands so selected provided you are aware of no reason to the contrary. You should then forward the Inspector's reports to Head Office with a covering letter indicating what action you have taken as regards reserving the lands. You should also inform the Sub-Agent for the District in which the selection is made in order that he may make the necessary note in his records.

.....
S.½ & N.½-5--55--23-W.4th M.
Sec. 19--55--24-W.4th M.

JUL 28 1927

On the 14th October last you were asked to take action to have Dominion Land of equal value selected to compensate the School Endowment for the loss of Pt. Sec. 29--52--24-W.4th Meridian and Fr. Sec. 11--53--24-W.4th Meridian. It would appear that the latter lands were at one time surrendered from the School Endowment and the following selected in lieu thereof:-

S.½ & N.½ 5-55-23-W.4th M. selected in lieu of Pt.Sec.29-52-24-W.4th M.

Sec. 19-55-24-W.4th M. selected in lieu of Fr. Sec. 11-53-24-W.4th M.

The lands selected in this case were subsequently released as it was found that they had already been allotted to the Canadian Pacific Railway Company on account of land subsidy.

It now appears that the original School land released from the Endowment comprises a portion of the subdivision of the City of Edmonton, and is of considerable value. In as much as the School Endowment received compensation for such land, it would seem that the claim of the Endowment was satisfied.

The School Endowment has, however, not yet received compensation for the S.½ and N.½ of Section 5--55--23-W.4th Meridian and Section 19--55--24-W.4th Meridian.

Under the circumstances, the instructions sent.....

Please issue the necessary instructions to the Inspector, to whom you give the work, pointing out that the lands selected must be in the Province of Alberta, that it must be of equal value to the land relinquished and also that it is not considered in the best interest of settlement to select more than two full sections on School Land account in any one Township.

In order to be in a position to select land of equal value in lieu of that relinquished, it will be necessary for the Inspector to visit the lands above described and to furnish a report and valuation on each individual quarter for the information of the Department. He will then be in a position to select other land of equal value and he should furnish a full report on each quarter-section selected, stating the value and character, etc. This selection should be expedited as much as possible. Upon receipt by you of advice from the Inspector that he has made a selection, the necessary note should be made in your records reserving the lands so selected provided you are aware of no reason to the contrary. You should then forward the Inspector's reports to Head Office with a covering letter indicating what action you have taken as to reserving the land. According to Land Patents Branch the land selected is clear in the records of the Department.

According to the Inspector's reports there are no improvements on the land selected and the Revenue Division states there are no seed grain or relief charges registered against it.

Attached hereto are copies of the reports furnished by the Inspector on the School Land and the land selected in lieu thereof.

You will observe that the land selected is worth $698.30 more than the School Land.

Kindly inform me whether the land selected for the Endowment is satisfactory and if so, what portion of the land selected you decide to set aside as excess and whether such parcel of excess area may be again opened up for settlement.

The land selected is clear in the records of the Department and there are no seed grain charges registered against it.

Attached hereto are copies of the reports made by the Inspector on the School Land and the land selected to replace it. According to such reports there are no improvements on the parcels selected.

You will observe that the School Land has been valued at $41825.00 and the land selected at $40,464.30 - the land selected being worth $1,360.70 less than the School Land. In this connection I would refer you to my memorandum addressed to you on the 10th September last (copy attached) regarding the selection of land for the Endowment in lieu of certain patented Dominion Lands, School Land in the St. Albert Settlement and Fort Saskatchewan Settlement. You will observe therefrom that there was an excess area valued at $698.30 and the Agent at Edmonton has suggested that this excess be applied towards the settlement of the present exchange. If this is done an area of available land to the value of $662.40 is still required to compensate the Endowment in the matter of the present exchange and I think you have note of some excess areas which might be used for this purpose.

Kindly inform me whether the land selected in this case is satisfactory and will be accepted for the Endowment, also whether in the settlement of this exchange you intend to use up some excess area you already have note of, or whether you wish instructions issued to the Agent to select an additional area to the value of $662.40.

Sir,-

I beg to refer you to the Departmental letter to you of the 24th ultimo, wherein you were advised of the selection of certain Dominion Lands to replace certain School lands.

In that communication, you were advised that sections 27 and 35, in Township 63, Range 8, West of the 5th Meridian had been selected.

An error appears in the description of the lands as the lands actually selected and set aside are sections 27 and 35, in Township 63, Range 8, west of the 4th Meridian.

Will you kindly make the necessary corrections in your records.

Dear Sir;

I beg to apply for one years leave of absence off my homestead (N. W. 1/4 of sec 18, Tp. 22, Rg. 28, west of the 4th. The homestead in question is fenced and in occupation but I am unable at present to complete residence and would be glad of the years leave of absence.

Yours Faithfully,
" Guy F. Powrall "

Davisburg. Dec 13th, 1898.

The Dominion Land Agent,

Calgary.

Dear Sir;

I beg to state that my reason for applying for leave of absence off my homestead, is that I only came into the country last May and have been so busily occupied fixing up my present dwelling House and farm buildings that it has been impossible to build a residence on my homestead and that the weather is now too severe to construct a dwelling before spring, let alone the fact, that there is no water for domestic purposes within 1 1/2 miles, until wells can be sunk. I trust under the circumstances the Dept will see their way clear to grant me one full year's leave of absence as I am getting the material to complete the fencing of the homestead on the ground this winter and thus in some measure partly fulfilling my duties.

Yrs truly,

" Guy F. Powrall "

Dear Sir:-

Re. S.W.10, 53, 23, West Fourth

We wrote you on the 27th inst, applying for the mineral rights under this property. We are to-day advised by our principals that the present owner of the property is David S. Hutton, of Clover Bar. He is the fifth title holder since the patentee, who is now deceased. Our principals have examined each transfer in chain, and each contains an absolute ~~covenant~~ conveyance of the transferors whole interest in the land. Mr. Hutton is therefore entitled to hold the whole interest of the original patentee including the mineral rights. We would be obliged if you would kindly advise us, if we furnish the Department with copies of all the transfers, duly certified by the Registrar together with the Abstract of Title, would the Department issue a supplementary Patent to our client, Mr. Hutton, of the mineral rights.

Gentlemen,

In reply to your letter of the 9th ultimo, applying on behalf of Mr. David S. Hutton,of Clover Bar, the present owner,it is stated, of the surface rights of the S.W.¼ of section 10, township 53, range 23, west 4th meridian,for the mineral rights under this property, I beg to say that, in view of the fact that this quarter section was first entered for as a pre-emption by Mr. John Graham in 1883 at a time when grants from the Crown carried both the surface and under-rights,it has been decided to issue a supplementary patent for the mines and minerals. It will,however, as it has already been explained to your Mr. Christie verbally,be necessary to deal with the original grantee and not with the present owner of the land,unless the latter obtains and files here an assignment of the original patentee's rights and interest in the under-rights or a decision in his favour under section 21 of the Exchequer Court, R. S. C.,1906,Chap.140, respecting claims to unpatented lands.

Re mineral rights in the S.W.¼ of 2-9-4, West 4th M.

This quarter section was entered as a pre-emption on the 30th July, 1883, by Mr. John Graham, who was permitted to re-enter for the same as a [illegible] on the 2nd December, 1892, and who obtained a patent therefor on the 19th August, 1899, reserving the mines and minerals.

In this connection I beg to submit the application, dated the 30th ultimo, from Messrs. Christie, Greene & Hill, asking for the issue of a duplicate patent covering the mines and minerals to the present owner of the surface rights.

At the time of [illegible] of Mr. Graham's [illegible] 1899, was taken into consideration whether or not we were entitled to grant by reserving both surface and the under-rights, and as such had been made subsequent to the date reserving the under-rights in grants from the Crown the mines and minerals were accordingly reserved in such letters patent; but that the department does not intend by the issue of the original pre-emption only, unless necessary, all its book to the mines and under-rights [illegible] minerals could not have been reserved in Mr. Graham's patent. A similar course would [illegible] by the Department if the [illegible] for years, subsequently [illegible] the under-rights have been issued, and in the [illegible] in the [illegible] section above mentioned are still available, I beg to recommend that the [illegible] section [illegible] in this case.

W. W. Cory, Esq., C. M. G.,
Deputy Minister of the Interior.

— 11

It will be necessary, however, under the advice of the Department of Justice in a somewhat similar case, (N.I.½ 24-30-24, West 4th Meridian, dealt with on File 294-24), as it was already explained to Mr.Christie verbally by me, to deal with the original grantee and not with the present owner of the land, unless the latter obtains and files here an assignment of the original patentee's rights and interest in the under-rights, or a decision in his favour under section 21 of the Exchequer Court, R.S.C., 1927, Chap.34, respecting claims to unpatented lands.

Respectfully submitted,

Controller.

Dear Sir:- File #500596, David S. Hutton

We beg to acknowledge receipt of yours of the 6th inst advising us that the Department has decided to issue a supplementary patent for the mines and minerals, and beg to enclose herewith an abstract of the property and also a release from the executors of the late John Graham to whom the property was originally patented.

We would advise you that our client is anxious to secure these mineral rights, not because they have any commercial value; but because in an agreement which he made for the sale of the lands, he agreed to convey the coal rights, thinking that they were included in his title, at that time. The purchasers are now resisting an action brought by him for specific performance on the ground that he is unable to convey these coal rights. This case is first on the list of cases to be heard in Edmonton after vacation and we would ask you to kindly have this application rushed through as quickly as possible.

Yours very truly

Re. S.W. Quarter of 10,53,23, West of the Fourth

This property was pre-empted by one John Graham in 1883 and in 1893 as his pre-emption was cancelled and he entered as a home-steader, and in 1899 was granted his patent. Under the pre-emption he was entitled to the mineral rights and was not aware that in giving up his pre-emption, he relinquished these rights, & has treated the property as if it included the mineral rights.

On behalf of the present owner of the property, we are instructed to apply for a supplementary grant of these mineral rights. Our instructions have come to us by telegram and we are unable to give you the name of the present owner, but will supply same in a day or two. Memorandum.

The Agent at Edmonton has forwarded here copies of two letters addressed by him on the 16th ultimo to Messrs. Stephen Tuttle and John E. Provost, both of South Edmonton, notifying them that the homestead entries assumed to be granted them the day before for the N. E. ¼ and S. E. ¼ of 28--52--22, W. 4th, were given in error, the fact having been overlooked that the W. ½ only of this section was available for disposal, the E. ½ not yet having been surveyed.

The Surveyor-General writes that this township was included in the instructions issued to Mr. Dubuc in May of last year, and that he was unable to complete his work on account of illness. The Surveyor-General adds: "We have not had any further instructions about the work left unfinished."

The lands not having been surveyed, it would, in my opinion, be improper to grant entries therefor, and the entrants should, therefore, be called upon to return their entry receipts. The question, their entry fee will be refunded to them, but, when the land is open to entry, they will be given the first right of entry.

Sir:-

I quote hereunder a letter dated the 19th instant from Mrs. Viola Williamson, of 322 Hawthorne St., South Pasadena, California, U.S.A.,-

"I have written to you before in regards to my father's citizenship (file No. 6149-41). In your last letter of July 9, 1941, you asked me to send you a description of the land my father held in Canada. It is as follows:

Located in township I west of the 4th M and within 6 miles of the Montana line, about 60 miles southwest of Lethbridge, Alberta, and about 20 miles southeast of Carlston, Alberta. The name of the town was Taylorville.

According to information from my uncle, my father never proved up on his homestead but sold his relinquishment.

My question is this: if according to the laws of Canada at that time, if my father did not finish proving up on the land did he or did he not relinquish his U.S. citizenship and did he become a citizen of Canada by merely taking the land to prove up on.

My father's name was James Henry Taylor and the year approximately 1899.

I would appreciate hearing from you as soon as possible because I need to establish my citizenship standing for my work.

Thanking you for a prompt reply, I am, "

Will you please examine your files and advise me whether or not application was made for patent and evidence of naturalization submitted ?

Madam:

With reference to your letter of the 17th ultimo and to my letter of the 2nd idem to the Registrar of Lands, Department of Mines and Resources, Ottawa, concerning the citizenship of your father, James Henry Taylor, I have to inform you that I have received a reply from the Registrar of Lands dated the 4th instant, the second paragraph of which reads as follows:

"Mr. James Henry Taylor obtained homestead entry for the N.E.¼ of Section 12, Township 1, Range 24, West of the 4th Meridian. He completed his duties and applied for patent, but Crown grant for the land in February 4th, 1902. He stated that he was over 21 years of age. In support of his application for patent he furnished the enclosed certificate of naturalization, dated November 29th, 1901."

The certificate of naturalization referred to in the Registrar's letter is a bona fide certificate, issued in Canada to James Henry Taylor, a native, formerly of the State of Utah, U. S. A., and it was issued in the Supreme Court of the N. W. T., Judicial district of Macleod, Alberta, Canada on the 29th November, 1901. It would follow, therefore, that if your father is identical with the person who was issued with the certificate of naturalization referred to herein, he is deemed to be a British subject by local naturalization in Canada.

Dear Sir:-

Re Fotheringhame

I herewith enclose applications for homestead entry of George Dempster Fotheringhame for the North East Quarter of Section 34-51-21- W 4th meridian and of James Fotheringhame for the South East Quarter of the same Section together with an application by G D Fotheringhame to buy all that portion of Section Two in Township 52 in the same Range not now covered by the waters of the Cooking Lake, with the right to buy any part of said Section Two from which the waters of the Cooking Lake may hereafter recede.

The Messrs Fotheringhame have made this application to Mr Ruttan Dominion Lands Agent here but that gentleman states that he has no instructions to the effect that this land is open to homestead entry or for sale and has referred the applicants to you for further information.

Inasmuch as this land was during the past season surveyed into Township, Section etc and as would appear from the information obtainable at the office of the Canadian Pacific Railway Company (Land Sales Department) here Sections 31;33;and 35 Tp 51 R 21 W 4 have been allotted to the C P R Co

the applicants are of opinion that the land for which they apply is open for settlement.

These gentlemen are recent arrivals from Australia and have had there and in South Africa considerable experience in pioneering enterprise. They come with considerable capital and find the climate and general appearance of this District suitable to their requirements The propose to go largely into stock raising and like enterprises and in looking about for a suitable location have selected the locality above designated. Adjacent to the proposed site as headquarters there is an area reported as "ranching lands"; the Cooking Lake gives ready access to water for stock and there are no settlers in the immediate vicinity nor is the a ount of land required likely in any way to prove detrimental to settlement. Should they succeed in getting land to suit their purposes the Messrs Fotheringhame are likely to prove the forerunners of a very large contingent of Australians of means who are looking about for a place to settle more suited to their requirements than is their present home. Upon the success of these applicants much therefore will depend so far as this locality is concerned.

These applications being bona fide and meretorious it is to be hoped that no unnecessary obstacle will be placed in the way but that unless for good reason the Dominion Lands Agent here will be instructed to receive the entries in the order of time in which they were made and [illegible] to give any

assistance in his power. Assuming that if this land is open for settlement the entries will be given as of this date and that no difficulty will be experienced in that direction I may be allowed to ask that I be advised by telegram if the land is open for settlement. In urging haste I may explain that the weather is now favourable to proceeding with the building operations at present necessary and time and expense will be saved in getting ready for spring work by taking action at once. Duplicates of the applications enclosed have been deposited with Mr Ruttan so that nothing remains to be done save the consent of your department to the applications

In the matter of the application to buy Section 2, I may say that this land gives a required water front which while in that way valuable would not otherwise be of paramount importance to any other person should any recession of the water of the Lake take place it would be only just that these applicants should have the lands uncovered thereby.

May I, therefore, ask for a favourable reply at an early date to these applications?

Frank Oliver, Esq., M.P.,

Edmonton, Alta.,

N. W. T.

Dear Sir,-

With further reference to our conversation of yesterday respecting my locating at Cooking Lake, I wish to state my position in the matter; and the enlist your co-operation if possible.

Coming here recently from Australia in search of a location for ranching or as the occasion would afford an opening, Iwas informed by Mr Colin Sutter that he had been foreman on a survey party which had been at work at Cooking Lake and vicinity (Townships 51 and 52, Range 21, West of the 4th Meridian) during the past Summer and that he thought a suitable location could be had by me there. He had in mind Sections 33, 34 and 35 of Township 51 and Section 2 of Township 52, all in Range 21, West of the Fourth. He went to the Land Office and a clerk there gave him a rough map from which it appears that Sections 33 and 35 had been alloted to the C. P. R. Company. Thereupon he took me over the ground and it seemed to me that these Sections 33, 34 and 35 and 2, or such of them as were not covered by the waters of Cooking Lake would answer my purpose. I accordingly returned to Edmonton and applied to the C.P.R.Land Agent here for the purchase of Sections 33 and 35. That gentleman produced a map from which it appeared that these sections had actually been alloted to the C.P.R.Company and the price per acre was named thereon. I was about to give him a cheq for the purchase money when he said he had'nt the acreage of the land in question and that I had better let payment stand till he had the acreage when I could include the whole amount in one cheque. There appeared to be absolutely no doubt about the matter and I accordingly let it rest at that so far as he was concerned.

I then, accompanied by my brother who is here to associate with me in a ranching enterprise, went to the Dominion Land Office to apply to homestead upon Section 34.

Now, it is only right to say at this point that Mr Ruttan, the Dominion Land Agent here, would not receive these applications giving as a reason that the land applied for was held as a timber Reserve. This I could not understand inasmuch as the only timber upon the land or in the neighborhood consisted of small poplar which had been burnt over and killed, and if a second fire should run through the land would be all gone leaving only prairie behind. Further than that the land had just been surveyed, apparently for settling purposes there did not appear any indication that a timber Reserve was intended and settlement is approaching the place in question more or less rapidly.

On further conversation with Mr Ruttan, he informed me that should the Reserve be thrown open to settlement I would gain no priority by making an application at that time, that on the contrary an actual settler would [illegible]. Under the circumstances it appeared to me that [illegible] was that if I wanted the land I must make [illegible] at [illegible] C P R C[illegible] lands in the vicinity it was idle and worse than idle for me to postpone what I had left not only Australia but South Africa to do namely, to find a suitable climate and location to carry on ranching enterprises.

I accordingly set to work forthwith but it appears that this Question of a reserve has not been as yet finally settled and I am kept waiting accordingly.

I have already spend upwards of $ 3000. in procuring stock and other requirements for my ranching business. I have erected or have in course of erection, the buildings required for that purpose. I have cut out a road to the base line, being the road from Edmonton to Beaver Lake cut out by the North - West Government and expect to set about improving the South Beaver Lake

Trail which passes my door and thence to the [illegible] improve the property and inasmuch as a general store is of the greatest convenience, not only for that locality, but also for the Settlement further to the East, I have put in a general stock of merchandise and shall keep the same in a wellappointed condition.

In fact it is my intention to embark freely in the opening up of the country. I believe there is money in it but the advantage will not alone be on my side. I take it that ever dollar judiciously expended in a new country is of common benefit to all settlers and is exactly what the country needs.

Now I would like to have a legal title to so much land as I require. When my health broke down in South Africa, owingnto climatic conditions I set out for Australia and then during the past summer left there and looked over this country. I found the climate and the conditions generally to be suitable and returned to interest my brother in the enterprise. We together came here about Christmas last and my brother considers the location all right. If we get the land applied for he will send for his family who are now at Sydney, New South Wales and they with other members of our family and friends will join us here.

The location we have chosen while it fils our requirements admirably is the only one which does suit us. If it cannot be had I see no way out of the difficulty but to leave the country and look elsewhere for a suitable place to invest.

My brother has been in the Mercantile Marine all his life and finds the vicinity of the water a sine qua non. At the same time we must have a reasonable hope of finding a location suitable in that respect, which also affords scope to employ our time and money to advantage.

I may explain that we do not come without money nor do come at a time of life when we can afford to wait for ten or twenty years till an other unsuitable locality can be made to fit our

case. We mean business and being convinced from all the surrounding circumstances that this land is destined to be freely thrown opened to settlement with a year or two at the most do not feel like wasting time but would like very much to have location granted us now so that we carry out our enterprises vigorously and we hope successfully.

I hope we may have not only your kind assistance in the matter but that the Minister will look upon this as a bona fide settlers' enterprise and give us our request accordingly. I am,

Yours very truly,

DOMINION LANDS OFFICE,

Dear Sir,

I beg to acknowledge the receipt of your letter of the 9th instant enclosing copy of a communication addressed by Mr. Geo. D. Fotheringham to Mr. Frank Oliver M. P. The question in this case is whether the Department will abandon the permanent timber Reservation in the Beaver Hills and allow Mr. Fotheringham and his friends to obtain homestead entries for lands which are now tentatively reserved. You will find correspondence on this subject contained in your files 501971, 502543 and 502544 and full information in regard to the contemplated Timber Reservation upon your file 29825 T. & M. .

The Messrs Fotheringham appear to be in every respect highly desirable settlers and the only points which it seems to be necessary to invite attention, in dealing with other applications, have been already fully dealt with in the correspondence in the reference No. last above mentioned.

If the reserve should be abandoned enquiry will then become necessary to ascertain whether the lands applied for by the Messrs Fotheringham are of special value for their hay. It is well known that persons in legal possession outside of the proposed reservation depend in a large measure for their hay upon lands within the reserve.

Department of the Interior,

Ottawa. 22nd June, 1901

Memorandum

Re D. Frank Oliver's letter of 12th instant.

The facts of W.H. Stephens' case are set forth in Mr. Wyld's memo. on T.S. File 94013, herewith, on which you made the following ruling :-

" grant lease or sell to Mr. Stephens or he is
" eligible. Collect dues for all timber that he
"is not entitled to under free permit."

The Agent was instructed accordingly, and Mr. Oliver advised.

Mr. Oliver wants to know if Stephens should have a free permit for the land.

Respectfully submitted,

J.B. Harkin, Esq.,
Commissioner of Dominion Lands,

Sir,

I have to inform you that the Commissioner has laid before him the letter relative to the case of [illegible], and after giving the matter his careful consideration fails to see that any other course could be adopted than that already decided upon. The ruling in the case was that [illegible] should be permitted to obtain patent only for the one claim to him as a pre-emption and sold, if eligible, and that the fees should be collected for timber cut on the [illegible] entitled under the per-mit.

Mr. Wm. Godeve,

Patents and Interior Department.

Dear Sir:

I am in receipt of your letter of the 5th inst. and in reply to same Stevens for the present case will be -11-1. Please let me know if the application is in proper condition to allow and when you expect patent to issue.

Yours respectfully,

D.L.S.

7th Jan, 1910.

Sir,-

I am to acknowledge the receipt of your letter of the 3rd instant, enclosing a file of application for patent, filled up and signed by T.H. Stevens, giving reference to the homestead of [illegible] Hill. It is not [illegible] necessary before a local land or Homestead Inspector, it is assumed to have been made for the purpose of ascertaining whether the requirements of the Act have been fulfilled, and in this connection I am to point out to Mr. Stevens that only in February, 1913, he could become entitled to a certificate of recommendation until three years from this date. I would point out that he is not residing upon the land as all but on his first homestead, some miles away, in order that the practice of the Department may be made clear to intending applicants prior to date of the second entry.

Your obedient servant,

Secretary.

Sir,

I have the honour to acknowledge the receipt of your letter to the Minister of the Interior complaining of the action of your neighbour, J.Johnson, in running the dividing line between your quarter sections.

The proper way to run this line is as follows:-

After taking off one chain for the road allowance, divide into two equal parts the distance between the posts at the south east and south west corners of section 24 and mark the pi point of division. The line joining this point to the quarter section post on the north boundary of the section is the boundary between the east and west halves of the section.

If your neighbour is encroaching upon your land, the only remedy is to sue him for trespass. The Minister has no authority to interfere in a matter of this kind.

I have the honour to be,

Sir,

Sir,

I have the honour to acknowledge the receipt of your letter dated the 24th ultimo, from Mr. W. F. Ford, Solicitor of the Canadian Pacific Railway Company, Winnipeg, together with [illegible] relative thereto, and in reply to say that I will submit the matter to the Minister for his consideration.

[illegible] the C. P. R. some two miles East of this station, and all the freight which is handled in car-load lots, which represent probably 90 per cent of the freight of the district, both incoming and outgoing, is handled at this point, that is other than stock. Therefore I think it probable that an suitable arrangement could be made with Cutting.

It is certainly not only desirable but necessary that considerable area around stock yards should be kept free to enable wild range stock to be advantageously handled. There is a good water reservation a short distance to the West of this which the C. P. R. have reserved, and as already stated it will be, should Lethbridge, promote the said point, for [illegible] the Crow's Nest Pass Railway Company, Lethbridge and the result of the Power Monopoly.

I would say that the power of [illegible] to treat Cutting may extended at time until reasonable time given to see if it is possible to make an amicable arrangement with them. Sir,

Yours of the 24th ultimo, re the North West quarter of Section 2, Township 7, Range 30, West of the 4th Meridian, pointing out the desirability of having the quarter section in question reserved for purposes of stock shipping, reached me at Ottawa. Is it necessary that the entire quarter section should be reserved for the purpose mentioned ? Would it not do if say 40 or 80 acres of the same were reserved ? My object in asking this enquiry is that it is possible that an amicable arrangement might be effected with Cutting. While it is true he may not have fulfilled his duties, and his entry may, therefore, be liable to cancellation, the Department is adverse to instuting cancellation proceedings unless the party is very much behindhand with his duties, and as I observe by referring to the register that he made his entry ~~xxxxxx~~ on the 10th June last, he is not at present very much behind. It might be that he would as soon have the East half of the North West quarter and the West half of the North East quarter as the land for which he has made entry, if that arrangement would protect the interests we are resist it if it be given effect to.

Representations have been made to us on behalf of the members of the Pincher Creek District that it is very desirable that the [illegible] section should be reserved by the Government for [illegible] purposes as the Company's stone quarry are opposite the South West corner of the parcel, and it was also pointed out that the erection of houses or buildings on that land will interfere materially with persons in driving their teams to the quarry. Sir,

In reply to your letter of the 13th, inst., Ref.502,124 I beg to say that on the 6th, of December last Mr. L.A.Cutting who entered for the N, W,t, Sec, 2.- 7.- 30, W, 4th, M, on the 10th, of June 98. asked for an extension of time within which to commence building on the land, the weather being so windy, stating further that he had purchased a house, but could not get possession of it until spring. In reply Mr. Cutting was informed that it was not the practise of the Department to grant leave of absence from the homestead, but in the event of an application to cancel his entry being filed, he would be given an opportunity to defend his claim to the land.

I cannot say whether the homesteader is complying with the requirements of the Act, or not, but if Mr. Curd will file an application for inspection, the necessary action in the matter will be taken. I am sending a copy of this letter to Mr. Curd.

The suggestion you make in your letter of the 7th inst. is, I think, a good one and should be carried into effect. I think also that it would be well to reserve the half quarter section immediately adjoining to the west. These two parcels would give all the accommodation needed. The Company may already be acquiring part of the last mentioned piece.

Enclosed find copy of a letter sent to Mr Macleod Superintendent of the C N P Ry regarding the securing of land necessary for stock shipping purposes at Pincher Creek station C N P Ry namely the the N W 1/4 of 2- 7- 30 W 4th .

Was any action taken on the recommendation of mine on March 2nd last , if so, what ? If not, I would suggest that as the first step in the matter Mr Cutting be served a notice to show cause why his entry should not be cancelled.

I think there is no doubt that the stock shipping facilities can be protected and at the same time do Mr Cutting no injustice even if the Railway or stock interests have to pay for any breaking or building he may have done which may be on land which should be reserved.

There is any amount of land in this neighbourhood which for agricultural purposes is just as valuable as this is, now vacant and open for entry.

I do not know what steps if any were taken to protect the public interests in connection with the station purposes along the Crows Nest Pass Ry but it was unfortunate that Cutting obtained the entry he did though it may not be the fault of the Departmentbut that of the Railway or other interests which are effected thereby.

Sir,

The Agent of Dominion Lands Lethbridge forwarded me under letter of the 29th ult Cutting's defence regarding the application to cancel his entry for the N W 1/4 of 2- 7- 30- W 4th .

Since the application was made to cancel it, he has been doing considerable ploughing and has extended his town compara-tively close to the Stockyards in question.

From the evidence furnished Cutting is clearly liable to have his entry cancelled and he should never have gone on with the improvements until a decision was arrived at in his case.

Cutting I understand is a section man working at the Crows Nest Pass Railway at this point. The house he has built could be readily moved .

Now while Cutting is liable to be cancelled it is not desirable that harsh treatment should be meted out to him if the public interest can be thereby protected and I would suggest that an area sufficient to give reasonable access to the Stock-yards by stock should be reserved out of this Quarter section and given Mr Cutting the same area of land elsewhere , paying him also a fair amount for the expense of moving his house and

also for any breaking he has done and which may be on the land which it is desirable to reserve.

That amount I think should be paid Cutting by either the Railway Company or the stockmen of the District and I would recommend if this suggestion of mine be approved of that Cutting be at once notified of what is decided upon sothat he may govern himself accordingly.

He would probably protest but as he is clearly liable for cancellation and no injustice is being done to him if this suggestion be approved of, no attention need be given to his protest.

Legally Cutting is not entitled to any consideration for improvements made since he received notice to show cause why his homestead should not be cancelled and the breaking he has since done is of considerable injury with regard to the intended reservation. At the same time to prevent any grievance on his part it might be well that he should be paid a fair valuation

such an arrangement, but there is a feeling among the stockmen in that vicinity what reason there might be for same I do not care to express an opinion, but that he is antagonistic to their interests. I think whatever remuneration should be given to Cutting should be paid by the stockmen or the Railway Company or both. Possibly, the Agent at Lethbridge might take a run up and see what he could do to effecting an amicable arrangement. As I am instructed to report at Ottawa as soon as convenient I am unable to make any suggestions in your letter. I might also suggest that Mr Nettleton of Pincher Creek might be asked to see what sort of an arrangement he can make with either Mr Kendal the latter two are both largely interested in shipping stock at this point. Also Mr Morier of Pincher Creek or Mr Buttle of the Alberta Ranche Co but as already stated I think the Railway Company could best effect an arrangement.

In the mean time I would suggest that Mr Cutting be notified that his entry is liable to be cancelled, and that he be told that whereas it is not the desire of the Department to be harsh to him that at the same time it is necessary in the public interest that facilities for stock shipping should be maintained at this point. These stockyards were create before Cutting made his entry and he must have known the position he placed them in by entering the land as he did. Now he certainly is entitled to any benefit that might accrue to him by reason of such entry though it might be called sharp practice.

Since effecting his entry he may become liable to be cancelled

Sir,

I have the honour to acknowledge the receipt of your letter

dated the 30th ult. No 502124 with reference to the homestead entry granted Wm Watling for the N.W¼ Sec 2-7-30 W 4th M and the reservation urged in the Hon. Rly Co. of claiming a portion of this section for stock yards, stock spiking pens, &c immediately on receipt I arranged to meet Supt Macleod at the Hay Rly Co. on the ground and at the stockyards now built for the commencement and suitably according to the suggestion of the stockmen who use them, submitted them to and a representative to the Hay Co. and give Supt Macleod some advice on the subject as it would be wise to make any change unless it was known that said change would be acceptable to the stockmen or those use the stockyards now built. Supt Macleod authorized me to accept the statement of the stockmen as coming from them, as far as they concerned the diseases of cattle, &c. Watling was also notified and was present together with Supt Macleod for the C.P.R. Hay Co. Messrs Kettles, Cattle Inspectors, Dominion Veterinarian for the stockmen, and myself. The difficulty seems to be that the stockmen require a large area in which to handle their stock when rounding up

ment and are unanimously of opinion that nothing less than 2 sections was sufficient to provide room for the cutting outfit and general handling of wild range cattle.

They suggested that Mr Cutting should surrender the W½ of NW¼ sec 2. and accept in place thereof the W½ of NE¼ of sec 2. This would place him beyond the entrance to the lands over the position was objected to both parties. Mr Cutting on the ground that the land was inferior and the stock men because they would still have a crossing room. Mr Cutting on being asked by me to make a suggestion, stated that he would, if arrangements could be made, consent to the transfer of the NE¼ sec 3. This was objected to by the stockmen because they require the NE¼ of sec 3 in addition to the NW¼ of sec 2. Supposing they could obtain it, Mr Macleod suggested to Mr Cutting that he take the SE¼ of 2 but Mr Cutting would not agree thereto because the Rly crossed it and he did not like the land. They suggested that possibly a portion of Sec 11 might be given him in exchange for the southern part of his quarter section near the road, but the stockmen asserted that they would not sell them and that eventually the position was that no solution of the difficulty could be found short of the entire vacation of the NW¼ of sec 2 by Mr Cutting and then by acquiring the NE¼ of 3 from the C.P.R. Rly so to leave the entire 2 sections without the roads on which to feed & work the range cattle, and that if this was done the only course to pursue then between would be to do the best they could with the various conveniences and inconveniences.

The question of removing the roads to some other point was discussed but Mr Macleod asserted

that owing to difficulties of grades &c their present location was the only available one in the vicinity, & to obtain the location of the quarter section asked for cutting maintained that the stockmen wished land as a homestead with the speculative idea that it may be valuable as a townsite.

Sir :

I am informed by Lionel A. Cutting, of Pincher Creek, that on June 7th '98 he homesteaded the N. W. 1/4 of [illegible]. He is now in occupation, has a frame house 12 x 16 and other buildings, has ten acres of crop and twenty acres fenced. He says he understands that an effort is being made by the Stockmen of that District to have his entry cancelled on the ground that his presence is detrimental to the handling of stock through the C.P.R. Stock Corral, which is in the adjoining section. [illegible] yards from the corral. [illegible], I cannot see that there is any probability of his entry being cancelled, but as he has probably had some knowledge of the influence of the ranchers against the individual settler under the late Government, he is alarmed when they object to his presence.

J. S. Dennis, Esq.,

Sir,

I beg to enclose a letter just received from Lionel A. Cutting, of Pincher Creek, in reply to the letter sent him, of which you have knowledge. You will see that Mr. Cutting is quite reasonable, and only asks to be protected in the value of his rights which it seems to me it is the unquestioned duty of the Government to uphold him in.

As to the desire of the Stockmen for the whole of the 1/4 to be left vacant, you will notice that that necessity only exists by reason of the location of the corrall, which, again, is located where it is, for the purpose of leaving another 1/4 Section practically controlled by the Railway Company, open for Town Site purposes. I do not think it is any part of the business of the Government to dispossess a settler of any part of his right, for the purpose of providing the Railway Company with a Town Site.

I would respectfully recommend that you communicate directly with Mr. Cutting, accepting his offer, and then inform the Railway Company that his offer is a certain, and that they must conform themselves to it if they want the land. If not, allow Cutting to retain his whole 1/4, and let them help themselves.

Yours respectfully,

Duncan McArthur.

Dear Sir,

I write you for information regarding the ownership of certain land located in Sec. 1. 40- 26 west of the 4th M. it is the N.W. 1/4 and the S.W. 1/4 They are not turning in any taxes also all of Sec 5 in 40-25 west of the 4th M. The Secretary Treasurer of the School District says no taxes have been paid. Although I was given to understand at the Dominion Land Office at Red Deer that it was all taken.

If you look up file No. 302157 you will find the letter I speak of.

The Minister of Crown Lands.

Dear Sir

I am writing to explain a part of my case regarding my Homestead entry clearly before you. Trusting you will give my case your earnest consideration. I made my entry for Homestead & Pre emption on December 97 put up a house & began residence on 98 built a larger one & moved into it the following spring & have resided here permanently ever since have land broken & cropped & my House is 16 feet from my House cost me over four Hundred Dollars & so although I work out myself at the building & had very little help.

1

I have about 3 acres fenced about the house mostly cultivated & garden also fruit trees to the value of 25 £ planted.

My stock consists of about 30 head of cattle. 2 work oxen. 2 saddle horses & some young stock. I keep four dogs.

besides the implements required to equip a ranche.

I am now putting my house from the ground & intend to place it as old post outside when complete.

My present difficulty is to get my house & grounds clear of the surface water.

The land on my east run towards the creek under the hill & would be very suitable for a garden if I could get the water off it. I do not know the nature of the ground but would allow it being impossible

to right from one mound to another. However last fall while riding I came across a wooden stake squared & write figures carved on it lying on the centre of a small marshy spot on the hillside not far from the house. This is undoubtedly a centre stake & would hurt my house if my House stood. I was going to write you before about this matter but thought that three weeks might be shown in this season & I could put the matter before him. However I am anxious to know my position & trust you will understand it & act fully & do the best you can for me for I assure you my Dear Sir that I have worked hard in making my home & it will put me to much of expense which I can ill

afford & wd. a great disappointment
if I loose my Household after
these years of labor in making a
comfortable home for my family.
I would therefore humbly beg of
you to grant me a change of
entry allowing me to have my
entry changed from a Pre. to
Cond'l. Sett. to Sec. which
would mean Residence within a
radius of 2 miles. You are
cropped a habitable house &
Residence on my Homestead for
three more superior Acres of
agricultural land.
In case my request favorably
received could my present five
years of residence & improvement
count & would my preemption
still hold good?
I can procure you with pleasure
Signatures of persons who
will attest to my being a
Bona Fide settler. The value of

my improvements & effects &c.
trusting to hear favorably from you

I have the honour to be.

Having a family to support I was considerably in my from home freighting & working about. We have been residing in our present house continuously for five years. In building this present house I chose a location some chains too close the hill to possible thinking it on the right side of my Home stead line but on locating the same I found that the line ran about 1 chain & 50 links over the face of the hill west of the house thereby throwing one off the Home stead. There is a habitable house on the Home stead last spring & tried for water

Dear Sir

I would like to call your attention to the state of the road allowance running north to Cowley along the east side of sec 28. Township 6. Range 1, west 5th M. There is a lake running across the road on the north end part of it being in sec. 33. which makes it impossible the man who owns sec. 33 has allowed us to travel across the corner for the past three years. but he has plowed it all up and he told me that as soon as he sowed his wheat this fall he was going to close the gates

I am living on the S.W. quarter of sec. 2,

Sir;

I have the honour to inform you that Mr. W. L. Bernard, Barrister, of Calgary, called at this office and desired to pay in the sum of $ 200.- in scrip (Scrip No.3061 and 3063, $ 100.- each) on account of Mr. Henry George's purchase of the S.E.1/4 of 24 - 35 - 1, west of the 5th. I stated to Mr. Bernard that I would prefer it if he would forward the scrip himself, but it appears the Gentleman did not care to take the risk of sending that amount through the mail and was very anxious that I should accept it here and give him a receipt. I then further stated that I did not know anything about the account against Mr. George in the books of the Red Deer Office and did not like interfering in the transaction. I finally agreed to take the $ 200 in scrip and forward same to Mr. Jessup at Red Deer on the understanding that this office took no responsibility in connection with the transaction.

I would like to a ruling on such cases.

MEMORANDUM

Mr. Mill.

In October, 1914, Robert Rumbidge of Port Elgin, Ontario, leased to one, John L. Mair, the N.W.¼ 1-22 With. According to the agreement Mr. Mair agreed to pay the taxes and to the local improvements, also break thirty acres, to consideration of which he was to receive the full benefit from the crop grown on the land.

On the 14th May, 1915, John L. Mair made application to this Department for seed grain, stating that he had the N.W.¼ 1-22 With as rented land. On the 17th May, 1915, he received seed grain to the amount of $30.15, giving as security a lien for same against the land above described. According to abstract of title, the land stands in the name of Robert Rumbidge, and the lien for $30.15 is registered.

Mr. Mair has not carried out his part of the agreement with the owner, and Mr. Rumbidge has submitted evidence to show that he paid the taxes in full and requests that the lien be removed. I wrote Mr. Little on the 22nd February, last, giving him full particulars and requesting that he endeavour to locate Mr. Mair and make a collection.

John L. Muir &

No.[illegible]3364.

MEMORANDUM

R. A. Gibson, Esq.,
Acting Deputy Minister of the Interior.

In October, 1914, Robert Hambidge of Port Elgin, Ontario, leased the N.W.32-5[illegible]-24 W4th to one, John L. Muir, for a period of one year, the terms of the agreement being that Muir should pay the taxes and do the local improvements, also break twenty acres that have since to crop in 1915 in addition to the twenty acres already broken. In consideration, he was to receive the full benefit from the crop grown on the land.

John L. Muir applied to this Department for seed grain, stating he was on rented land, and received oats and barley to the amount of $61.15, giving as security a bill of sale mortgage against the land and crop. According to an abstract of title this land stood in the name of Robert Hambidge, and the bill of sale was registered.

A statement was sent to Mr. Hambidge, who replied that he was more than surprised that there was a lien against his land, and that if John L. Muir had put a lien against his land it was a fraud. Mr. Hambidge forwarded a copy of the agreement for inspection, and stated that Muir had no breaking or local improvements, nor did he pay the taxes, and that he had a claim against Muir for $61.15. He also forwarded his tax receipt, showing that he paid the local taxes.

On the 22nd February, last, Mr. Cattle was furnished with full particulars of the case and requested to endeavour to locate Mr. Muir and make a collection. No report has as yet been received.

Mr. J. M. Hambidge, L.L.B., a son of Mr. Robert Hambidge, is now in the city in connection with the Canadian Bar Association, and is anxious to get this matter settled before he leaves. He requests that the lien be vested from the N.W.32-5-24 W4th. as John L. Muir had no authority to place a lien against this land. Under the circumstances, since the evidence submitted shows that Mr. Robert Hambidge did not consent to the lien being placed against the land and did not benefit from the crop grown from Government seed, I would recommend that the lien be removal from the N.W.32-5-24 W4th.

Respectfully submitted,

Controller of Revenue.

On 14th May, 1915, you made application for Seed Grain, giving as security the land above described for which you executed a lien for $98.15 with interest at 8% from 17th May, 1915.

The evidence on file shows that you executed this lien as owner while you held no equity in this land, merely renting the same from Mr. Robert Hambidge who gave you no authority to insur the lien on the security of his land. You have consequently the responsibility for repayment of this indebtedness, and I would request that if you are not in a position to pay the full amount shown in the following statement that you at least make a substantial payment forthwith:

I am in receipt of copy of a communication of the 6th instant addressed to you from the agent of Dominion Lands at Edmonton, and would advise you that in so far as is within the knowledge of the Department no liens in favor of the Department are registered, as on the 20th October, 1921, the Registrar at Edmonton was requested to remove the lien of $96.15 given by John L. Muir, which at that time appeared against title.

If, however, you have knowledge of any liens being registered in favor of the Crown, I would be pleased to be advised as to particulars of the same.

Sir,-

Re - M.S. 32-60-24-W. 4th M.

In the year 1915 Mr. John L. Muir obtained an advance of seed grain and gave this land as security. He, however, failed to obtain authority of the owner to encumber the land with the lien which he executed. This has resulted in the Crown being without any landed security, and it consequently now becomes a personal debt against Mr. Muir.

According to latest information on file, Mr. Muir is residing at Manitoba Falls, Ontario, and it is stated that he purchased a farm through the Soldier Settlement Board.

I would, therefore, be pleased if, through the intercession of any of your officials who might have occasion to visit him on business relating to the Board's interests, his responsibility for payment of the indebtedness be impressed upon him, and attached hereto is a statement of the same.

I might say that it is not without some reluctance that you have been approached on this matter, and the excuse that I would offer is that this course has only resorted itself only after repeated ignoring by Mr. Muir of communications from this Department, it being presumed, of course, that you may have direct contact with the settler, and also of enabling the latter to make arrangements.

Re: Account of J.L. Muir
N.E. 34-7-6-4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you. constituted as a board to deal with such cases. In view of the investigation I am now in a position to report as follows:

In 1941 seed grain amounting to $98.15 was advanced to J.L. Muir on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:

Principal	Interest	Total
$ 98.15	$ 180.94	$ 279.09

In the year 1945 J.L. Muir obtained an advance of seed grain and gave the above land as security. He, however, failed to obtain patent for the land and with the loan.

The Director of Soldier Settlement the land and has remained as a charge against the land under the Prairie Farm Assistance Act.

The whereabouts of the original debtor is unknown and it is considered that there is no possibility of collection.

As the loan was never registered against the land and there is no further security of value for the advance, it is recommended that the indebtedness be cancelled.

Gentlemen,

With further reference to your letter of the 4th instant, enclosing Registration fee of $2.00, and certificates from the Registrar in the matter of the Lot of 26-16-1, W.5th M., I beg, to say that the assignment of this land as originally filed here was from Alfred Herbert Watson to John Dowell. Before this last mentioned assignment can be registered in the books of the Department it must be established that John Howard Dowell and John Dowell are one and the same person, also that Alfred Herbert Watson and Alfred Herbert Watson are one and the same person. A statutory declaration to that effect will suffice.

Department of the Interior,

Ottawa, 10th February, 1900.

Gentlemen,

With reference to your two letters of the 23rd and 26th ultimo, with enclosures, in the matter of the W½ of 26-16-1, W. 5th M., I beg to say that the declaration filed does not settle the point raised in my letter of the 14th ultimo. In that letter it is stated that the names given in the assignment of this land are Alfred Herbert Watson to John Dowell and that by the reassignment the names are given as John Howard Dowell to Alfred Herbert Watson. The declaration made by Mr. Simons, which accompanied your letter does not appear to settle this point and I return it herewith in order that it may be explained to say that Alfred Herbert Watson and Alfred Herbert Watson is one and the same person.

Dear Sir,-

T.H. Pearson of this place, obtained a homestead entry for the Northwest quarter of Sec. 22,- tp. 8,- rg. 26, West of the Fourth Meridian, some years ago. He has fenced the whole quarter section with a good commercial fence and broken and cropped from seven to three years, together with some other improvements.

Now Mr. Pearson desires to sell the land, he intended to reside on it and it was his home and permitted, but owing to ill health he was obliged to go to Montreal on his business in Toronto. That is to say, was obliged to leave.

Mr. Pearson is an honourable gentleman, and during the years he built on land agent, he has undoubtedly, on account of ill health, was he is now unable to allow it personally. Under these circumstances he asks to be allowed to purchase the quarter section at $1.00 an acre in lieu of the homestead residence and further improvements on it. Kindly let us know what the charges are for his being allowed to do so.

Yours truly,

Haultain McKenzie McNeill

Memorandum to Mr. Smart.

Mr. E. Nagell, of Mountain View, Alta., has applied through Mr. Frank Oliver, M.P., for permission to purchase Section 33, Township 2, Range 27, West of the 4th Meridian, at present under lease to him for grazing purposes, at the price paid by certain leaseholders for land within their leaseholds.

This application would appear to be similar to the one from Mr. T. M. Wellman which I submitted to you on the 23th instant, for the land applied for is in the same township.

As the Order in Council authorizing the Minister to sell at the fair value, not less than $5 per acre provides that an inspection shall be made, I think Mr. Oliver should be informed that an inspection of this section will be made in order that the Minister may fix the price at which it may be sold.

Respectfully submitted,

Sir;

See Commissioner's letter of the 6th March, 1897, File 249208, regarding the S.W.1/4 of 36 - 34 - 29, west of the 5th, the Homestead of Mr. Alfred Woods, which is up for cancellation. The 60 days will expire on the 20th instant and Mr. Woods has not put in any defence as yet and from what I can learn he is not likely to do so. The improvements I understand have all been taken off the land and Mr. Woods, I am told, is living about the Town of Innisfail. In view of the fact that he at one time appeared to be entitled to apply for his patent, I thought it better to refer the matter to you before cancelling the land.

I am, Sir,
Your obedient servant,

J. Smithland

Agent.

OTTAWA, 7th December, 1922.

Sir,-

N.W. ¼ of Sec. 4 Tp. 55 Rge. 21 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patents for their homesteads before the 1st January, 1918, the right to make a second homestead entry on the usual homestead terms.

Before, however, you are entitled to the privilege of this second entry, it will be necessary that you should reside upon your homestead for a period of six months during each year for three years, and bring under cultivation fifteen acres of the land in addition to the area required to be cultivated under your original entry. Before you are entitled to receive a patent for the land covered by this second entry, you will be required to furnish evidence of the fulfilment of the conditions of settlement, and to pay the usual fee of $10.00.

I may further inform you that the Minister has no power to grant any extension of time for the performance of the conditions of settlement, nor to remit the fee, except in the case of a settler who has been prevented from obtaining a crop by reason of drought, grasshoppers, frost, or other extraordinary cause. In order to obtain relief from the payment of the fee on account of crop failure, it is necessary that the settler should have had under cultivation at least 30 acres of the land in addition to the area broken for crop during the previous year.

If you are entitled to receive a grain or relief, the land taken under this entry will be subject to such indebtedness, and this letter will be subject to such indebtedness.

Your obedient servant,

Assistant Commissioner
of Dominion Lands.

Sir,

I have the honour to acknowledge the receipt of your letter of 25th ultimo No. 12713 Ref. 1758, having reference to the claims of Mrs. Draper to the Dominion Government.

You ask me to be good enough to answer your letter of the 21st ult., as to a reply to that I am afraid I can find record of no such letter, it may have reached me and been overlooked, but I am not conscious of ever receiving it.

Yours

The Commissioners

The land in question was applied for last summer by some Lady residents on or near Bracklead, however at this date none of the name of entry could be given, as the land was within the bounded Police Reserve set by H. Order in Council of the 19 March last, copy enclosed. That regulation was passed to enable entry to be granted to the Sec. in question.

I presume that with you and the Agent at Calgary would in due course be notified by Surveyor of said Order, which has been done. The Agent need not have waited for any further information.

Sandom

Sometime since the Agent
wrote one under private cover
with reference to this matter
where by answer to him
was that if the party who
had filed the original appli-
cation would file affidavit
in favor of Draper. I know
if we could only obtain this
affidavit the Agent has very
respectfully that he could
obtain such consent. I
however, Draper cannot
obtain that consent
the only thing that can
be done is to make formal
application for it. The
other party will be
notified to show cause

be granted Draper. If there becomes a dispute it can be decided by the Land Board.

I have yours of the 21st met under the conditions of certain Scrip which it is I think agreeable that you should assign Geo Lucas to come forward and make his entry within 90 days - failing which his claim will lapse This Scrip will be in immediate demand as Town lands are.

In this case Lucas would if known be considered a settler in advance & Lucas though having perfected claim to the land and expressed his intention of making entry.

It may be that in Montana and Dakota Territories a Power of attorney would be authorized to act in Lucas in the matter in which case the Department would accept a relinquishment from him.

Sir,

Referring to your letter of the 13th. inst. Ref. 504,003, and the application of the Revd. J. W. Dicken-son for a free grant of land for Church purposes, please look up the application and see if the land applied for is described as Legal Sub-division 4, of Sec. 6.- 5.- 29. W. 4th. M, or is it my mistake in so describ-ing the land?. The land required by Mr. Dickinson is properly described as Leg. Sub.4.Sec.6.-9.- 25.W.4th.M. and it is to this land, the statement that it is avail-able, contained in my letter of the 21st ult., applies. The S. ½, Sec. 6.- 5.- 29. W. 4th. Department of the Interior,

Ottawa. 15th March, 1899.

Sir,

In reply to your letter of the 20th ultimo, fyle 14204, I beg to say that in the declaration made by the Rev. J. W. Dickinson the land applied for for mission purposes is correctly described as Legal Subdivision 4 of Section 6, Township 9, Range 25, West of the 4th Meridian. The S. W. ¼ of this section, owever, of which the said Legal Subdivision 4 forms a part, stands in the records here as a pre-emption in the name of Mr. Arthur W. Draper, who holds under homestead entry the N. W. ¼ of the same section.

In this connection, I have to call your attention to the letter dated the 16th September, 1893, from the Commissioner's office, instructing the then Agent of Dominion Lands at Lethbridge to take the usual cancellation proceedings with a view to cancelling the entries of Mr. Draper, who was then, it was stated, residing at Vancouver, B. C.

Sir,

In reply to your letter of the [illegible]ine, 1[illegible], I beg to say that the homestead and pre-emption entries of Mr. A. W. Draper for the W. ½ of Section 5, Township 9, Range 23, West of the [illegible] Meridian, are being cancelled, on the ground of Legal Subdivision [illegible] of this section, the omission [illegible] to be made by the Western Organization of the Methodist Church, has been overlooked. Before, however, a patent can be issued for such grant, it will be necessary for the Board of the Church above mentioned to pass a statutory declaration, setting forth that the land in question is to be used for Church purposes only and for no other purpose whatsoever, and pending the same it will be useless that the patent should be issued. A fee of $10 must also be remitted.

The trustees of the Methodist Church now wish to dispose of a portion of this land, the proceeds to be devoted to the erection of church buildings, etc.

The Deputy A.G. Harrison, under date the 16th November last wrote to the Department, or this matter, concerning the right of the congregation of Macleod as stating that a portion of the land had already been sold, being advised by the Departmental letter of the 14th ultimo that patent issued as above stated and that under no conditions were the grantees at liberty to dispose of any portion of the land conveyed to them.

It will be observed that Mr.Grady, in his letter, states that it was understood at the time that patent issued that, under the local congregation's desire, it might dispose of a portion of the land for the benefit of the congregation but there is no evidence on file to warrant the claim and, while it is true that a clause to that effect is contained in the letters patent granting the right to dispose of the land conveyed, there is no provision contained in the letters patent granting the right to dispose of the land conveyed.

Sir,

In reply to your letter of the 24th ultimo, addressed to the Minister, requesting the grant to the Methodist Church of local subdivision 1, of section 6, township 9, range 25, west 4th meridian, I am directed to point out that this land is reserved, and it is so stated in the Letters Patent, for church purposes only. Dear Sir,-

Re Methodist Church.

Under Section 31 of the Dominion Lands Act, R.S.C., 1886, Chapter 54, a grant of forty acres of land near McLeod, Alberta, was made on the 26th January, 1900, to the Methodist Church. Certain clients of ours are anxious to ascertain whether this grant was made for the use of the local congregation at McLeod, or for the use of the Methodist Church generally. They say that there is nothing in the deed showing this, and think that possibly the correspondence in connection with the matter will give them the information that they desire. We would be much obliged if you would kindly let us have, as early as possible, the information that we ask for herein.

By Letters Patent of date 25th September, 1899, certain lands described hereunder were conveyed to the Methodist Church,

"TO HAVE AND TO HOLD the said lands unto the said the Methodist Church, its successors and assigns forever, in trust for the purposes of the Congregation of the Methodist Church at Macleod aforesaid, and to be devoted to public purposes within the meaning of Clause thirty-one of the said Act."

Homestead ~~Pre-emption~~

I, James Dunn,

solemnly declare:

That I made entry for the above mentioned lands, at the Dominion Lands Office at Edmonton on the 8th day of July 1898, and I now ask to have said entry cancelled, and to be permitted to take up another homestead, for the following reasons, viz: That owing to the lines not being plain I thought the homestead was the next section east, but on running the lines I find that this quarter is cut with ravines to the river and unfit for homesteading.

I have no residence upon the land and no improvements.

That I have not directly or indirectly received, or have I been promised or do I expect to receive any consideration or compensation for the abandonment of my said entry.

And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath by virtue of The Canada Evidence Act.
